

COME WHOEVER YOU ARE

Come, come, whoever you are
Wanderer, worshiper, lover of leaving
And come, come, whoever you are
This isn't a caravan of despair

Come, come, whoever you are
Wanderer, worshiper, lover of leaving
And come, come, whoever you are
This isn't a caravan of despair

[Refrain]

'Cause it doesn't matter
If you've broken your vows
A thousand times before

And yet again
Come again, come
And yet again, come

[Verse 2]

Come, whoever you are
Wanderer, worshiper, lover of leaving
And come, come, whoever you are
This isn't a caravan of despair

UZUN INCE BIR YOLDAYIM / I'm on a long, narrow path

I'm on a long, narrow path
I'm walking on, day and night.
I've lost my sense of self.
I'm walking on, day and night,
Day and night, day and night,
Day and night.

Ever since the moment I came into this world,
I was walking from the very beginning.
In a caravansary with only two doors.*
I'm walking on, day and night,
Day and night, day and night,
Day and night.

Veysel** is confused in this state,
Sometimes crying, sometimes laughing,
On the road to reach my destination.
I'm walking on, day and night,
Day and night, day and night,
Day and night.

On the road to reach my destination.
I'm walking on, day and night,
Day and night, day and night,
Day and night.

YA RABBI ASKIN VER / O Lord give me your love

O Lord give me your love
O Lord give me your love
Let me say Hu whirling Allah Allah
Let me fall in love with you my Lord
Let me fall in love with you my Lord.
Let me say Hu whirling Allah Allah

Don't let my individuality remain in me
Don't let my individuality remain in me
Destroy my existence in you Allah Allah
Seeing you in every place my Lord
Seeing you in every place my Lord
Let me say Hu whirling Allah Allah

O Lord don't let me be alone with myself
O Lord don't let me be alone with myself
Take my heart to your side Allah Allah
Let me be your adorer
Let me be your adorer
Let me say Hu whirling Allah Allah.

MEVLA GORELIM NEYLER / Let's see what the Lord does

God turns evil into good Don't assume otherwise On the watch, with wisdom

Those who're wise

Let's see what the Lord does

Whatever that is, it gets of beauty

Beautifully done

Don't say why is this so Most proper it is, know See what the end will show

Let's see what the Lord does

Whatever that is, it gets of beauty

Beautifully done

Desire a task,

If it becomes an obsession, don't persist,

If it's rejected by the Divine, don't refuse

Let's see what the Lord does

Whatever that is, it gets of beauty

Beautifully done

Belittle a soul not Break no one's heart Don't support your selfish part

Let's see what the Lord does

Whatever that is, it gets of beauty

Beautifully done

DEMEDIM MI / Didn't I tell you?

O beautiful lover,
you can't bear our countenance, didn't I tell you?
This is a morsel of acceptance,
you cannot swallow it, didn't I tell you?

Didn't I tell you, didn't I tell you,
O my heart didn't I say to you?
Didn't I tell you, didn't I tell you,
O my heart didn't I say to you?

This is a morsel of acceptance,
you cannot swallow it, didn't I tell you.
This is a morsel of acceptance,
you cannot swallow it, didn't I tell you.

Those who do not eat will remain out,
blood pours out from their eyes
This is a moment, it comes and goes,
you cannot hear it, didn't I tell you?

Didn't I tell you, didn't I tell you,
O heart didn't I say to you?
Didn't I tell you, didn't I tell you,
O heart didn't I say to you?

This is a moment, it comes and goes,
you cannot hear it, didn't I tell you?
This is a moment, it comes and goes,
you cannot hear it, didn't I tell you?
This is a moment, it comes and goes, you cannot hear it, didn't I tell
you?
